# BLUE HILLS NURSERIES

is a complete organization. Our work embraces the growing of good nursery stock: perennials, ornamental shrubs and shade trees, evergreens, vines and roses. Our tree department is equipped to move large trees, spray, prune or undertake any surgery work. It can move to your grounds a specimen tree — nursery grown of mature size. Our landscape construction department will grade lawns, build roadways, lay stone terraces or construct rock gardens. ¶ We urge you to visit the nursery and personally select your plants or garden furnishings. ¶ Deliveries are free within a radius of 15 miles of the Nursery. Beyond this limit deliveries are at cost.

We give no warranty, expressed or implied, as to life or productiveness of any nursery stock we sell.
